What is the Ministry Professional Growth Seminar?

INSPIRATION.

It's soul-stirring, mind-stretching sermons and lectures from the world's best preachers in a live three-hour seminar for pastors, chaplains, seminarians, lay preachers and administrators.

CONVERSATION.

It's a rich fellowship experience for your local ministerial association or clergy gathering, and your chance to interact with great preachers via phone and e-mail.

EDUCATION.

It's the richest continuing education experience you can get (.5 CEUs) in three hours. Helpful resource materials will be highlighted after each presentation.

Living and Teaching the Word

Only the convicted need apply.

The times—and our congregations—demand that we who teach the word of God be men and women who can witness to the power we hold in our hands.

Authenticity isn't optional for teachers of Scripture. If you don't know from personal experience that the word you teach has life-giving power, neither eloquence nor scholarship can make up the lack thereof. If you have lived the truths you teach, neither eloquence nor scholarship is ultimately required.

Scripture is first lived, then taught, then caught, then lived again—a circle of increasing meaning and life application that never knows an end.

Deepen your own skill in both living and teaching God's word by participating in this year's Ministry Professional Growth Seminar.

**LIVING
AND
TEACHING
THE WORD**

WALKING THROUGH THE PEWS

In his lectures as in his life, the word shines. **Dr. Robert Smith, Jr.** is a much-loved professor of Christian preaching at Beeson Divinity School in Birmingham, Alabama, and a regular Bible teacher at the historic Allen Temple AME church in Cincinnati, Ohio. He earned a Ph.D. from the Southern Baptist Theological Seminary in Louisville, Kentucky, and the necessary life experience as a husband, father, pastor, and civic leader.

WALKING AMONG THE WOUNDED

Her 17 years as a missionary in war-ravaged southeast Asia tested her confidence in Scripture. Her 17 years as a college teacher of Bible and biblical languages gave her the chance to plant those life lessons in a new generation. **Dr. Beatrice Neall** is a much-published author and ministry leader with a special passion for nurturing women in theological education. She has also served on many commissions for the Seventh-day Adventist Church dealing with doctrinal, ethical and curricular matters. In retirement, she continues to teach English to refugees using the stories of the Bible.

WALKING THROUGH THE TEXT

His scholarship in Old Testament studies and Biblical languages has earned him accolades in Canada, the United States, and Europe. His editorial role with the New Living Translation of the Bible illustrates his commitment to practical uses of Scripture. **Dr. Daniel Block** is a professor of Old Testament Interpretation at the Southern Baptist Theological Seminary in Louisville, Kentucky, an expert on the Biblical book of Ezekiel, and a passionate participant in the life of his local Baptist congregation.

WALKING INTO THE FUTURE

Dr. Ivan Blazen's warmth and wit have endeared him to more than three decades of undergraduate and seminary students. A long-time professor of New Testament at the Seventh-day Adventist Theological Seminary in Berrien Springs, Michigan, Blazen now teaches religion at Loma Linda University in southern California. He holds a Ph.D. from Princeton Theological Seminary, and a deep faith in the relevance of the Bible to the practical concerns of everyday life.
